

Patients are Driving Further to Reach NYU Langone Health

12 patients (admissions) traveled
151.9 miles to Tisch Hospital
despite 112 closer hospitals.

A probabilistic model of patient zip codes in the
Medicare HSAF data reveals that NYU Langone
Health brand quality is attracting patients from
farther away than expected.

Key Benefit Administrators

A background image showing two women, one Black and one Asian, standing in a park-like setting with trees. The Black woman on the left is wearing a blue shirt and a grey jacket, gesturing with her hands while talking. The Asian woman on the right is wearing a white shirt and a tan jacket, listening attentively.
