

Patients are Driving Further to Reach University of Michigan Health

11 patients (admissions) traveled 290.3 miles to University Hospital despite 116 closer hospitals.

A probabilistic model of patient zip codes in the Medicare HSAF data reveals that University of Michigan Health brand quality is attracting patients from farther away than expected.

Key Benefit Administrators

A photograph of two women standing outdoors in a park-like setting with trees in the background. The woman on the left is Black, wearing a blue t-shirt and a grey jacket, and is gesturing with her hands while speaking. The woman on the right is Asian, wearing a white t-shirt and a tan jacket, and is listening attentively.
