

Patients are Driving Further to Reach University of Missouri Health Care

15 patients (admissions) traveled 247.6 miles to University Hospital despite 98 closer hospitals.

A probabilistic model of patient zip codes in the Medicare HSAF data reveals that University of Missouri Health Care brand quality is attracting patients from farther away than expected.

Key Benefit Administrators

A photograph of two women standing outdoors in a park-like setting with trees in the background. The woman on the left is Black, wearing a blue t-shirt and a grey jacket, gesturing with her hands while speaking. The woman on the right is Asian, wearing a white t-shirt and a tan jacket, listening attentively.
