

Patients are Driving Further to Reach University of Utah Health

19 patients (admissions) traveled 296.2 miles to University of Utah Hospital despite 49 closer hospitals.

A probabilistic model of patient zip codes in the Medicare HSAF data reveals that University of Utah Health brand quality is attracting patients from farther away than expected.

Key Benefit Administrators

A photograph of two women standing outdoors in a park-like setting with trees in the background. The woman on the left is Black, wearing a blue t-shirt and a grey jacket, gesturing with her hands while speaking. The woman on the right is Asian, wearing a white t-shirt and a tan jacket, listening attentively.
