DIRECT-TO- EMPLOYER GTM STRATEGY

Exploring a MU Healthcare DTE Health Plan

Our Founding and Heritage: 46 Years of Striving for Honesty in Healthcare

Founded Key Benefit Administrators in 1979

After co-founding a life insurance agency in 1973 and Key Life Insurance in 1976, Larry Dust launched KBA in 1979 as a third-party benefits administrator focused on honest healthcare delivery.

Sold to Blue Cross/Blue Shield in 1985

Strategic partnership with BCBS of Indiana (then part of the Associated Group) provided capital and market access while maintaining operational independence.

Reacquired KBA in 1992

Larry bought the business back from BCBS in 1992, returning it to complete independence and patient-focused mission alignment.

Built the Largest Independent TPA in the U.S.

Under his leadership since the buyback, KBA has become the country's largest independently owned third-party administrator, managing millions of members across diverse markets.

Never Forgotten Who Gives Healthcare

KBA has never participated in reference-based pricing, does not take refunds, and delivers healthcare at 11% below market rates. Our commitment remains with providers and patients, not profit extraction.

DTE KEYS TO SUCCESS FOR MU HEALTHCARE

1

DTE Plan Sells

DTE plans only work when the network is built around a strong brand with good access and competitive costs.

MU Healthcare is the quality and access leader in this service area (see slide 8). Market size and brand quality are likely to negatively impact plan growth

2

Estimates for Margin and Steerage Hold

KBA models high, medium and low estimates for net income based on (1) estimates of commercial margin and (2) the within-DTE-network steerage rate.

Profit growth will hold if these assumptions accurately play out as expected for MU Healthcare.

Our 'Why': The Photo Moment

THE KBA REWARD THROUGH SEEING A DIFFERENCE

Better Care, Lower Costs, Real Partnerships

The ultimate measure of our success is the moment when all stakeholders gather to review real progress - improved population health and dramatically lower healthcare spending. This is where theory becomes reality, and everyone wins.

All Stakeholders at the Table

Employer, Provider, KBA, and
Broker/Consultant working in unified
partnership toward common goals

Reviewing Real Progress

Measurable improvements in population
health outcomes combined with verifiable
reductions in total healthcare spending

Deep Loyalty Built on Value

Authentic relationships between employer

demonstrated value delivery, not contracts

Direct-to-Employer Strategy: POWERFUL EMPLOYER VALUE

- Reduced medical spend through lower unit costs and better integrated care
- “At the table” with MU Healthcare
- Aligned financial incentives
- Complete transparency for unlimited visibility into health benefit plan expenses and cost drivers
- Aggressive stop-loss premiums and policy terms
- Increased employee satisfaction
- Improved cash flow & stabilization of future medical cost trend

THE WIN/WIN OF CUTTING OUT THE MIDDLEMAN

Proof: 98% of Our Clients Beat Healthcare Inflation

36.5% OF AMERICANS DELAYING MEDICAL CARE DUE TO COST

The high cost of healthcare in the United States is a significant barrier to accessing necessary medical services. According to recent data, over a third of Americans have had to skip or delay their medical care in the past year due to the financial burden. This is a concerning trend that highlights the need for more affordable and accessible healthcare options.

Base Medical + Preferred Plus Benefits = Your Deductible Can Simply Vanish

Example: Member with a \$2,500 deductible / \$4,500 max out-of-pocket has a heart attack and cardiac surgery, resulting in a 5-day in-patient stay. In this example, the member would have a \$4,500 OOP with \$5,050 Preferred Plus Benefits for a **net OOP \$0 due to the preferred provider versus \$4,500 OOP exposure at any non-preferred provider.**

The Key Incentive Plan

Affordability Without Compromise

The **Key Incentive Plan** is a one-of-a-kind solution, empowering employers to take back control of their healthcare programs, that offers freedom of choice when choosing providers in your local community, while incenting members to choose high-quality, cost-effective care.

Weight Management (GLP-1s) that Don't Break the Bank

The GLP-1 medication market has experienced explosive growth, fundamentally reshaping healthcare spending across America. Prime Therapeutics reports that per-member-per-month spend has tripled by March 2025, with these breakthrough medications now representing approximately 15% of total pharmacy spend. More than 1 in 50 members filed a GLP-1 claim in Q1 2025 alone, demonstrating unprecedented demand for these life-changing treatments.

The Challenge

Traditional GLP-1 medications cost between \$1,089-\$1,349 monthly, creating unsustainable budget pressures for employers while limiting employee access to essential treatments.

Our Solution

Key Benefits secures generic GLP-1 medications for just \$249 per month, enabling comprehensive workforce health while maintaining strict budget control and financial stability.

The Impact

Deliver a healthier population, increased employee satisfaction, and sustainable costs that support long-term organizational success and employee wellbeing.

Proven Results: \$7M Annual Savings

One major city spending \$11 million annually on GLP-1 medications achieved \$7 million in cost savings through our comprehensive approach. This dramatic reduction demonstrates how strategic sourcing combined with clinical support creates sustainable, scalable solutions for large employers facing escalating pharmaceutical costs.

Beyond Medication: Comprehensive Care

Our program extends far beyond cost-effective medication access. Members receive specialized coaching twice monthly, focusing on maintaining muscular strength, engaging in moderate exercise, and developing sustainable lifestyle changes that support long-term weight maintenance after GLP-1 treatment completion.

Patient Steerage Assumptions

KBA currently estimates that MU Healthcare has 64% inpatient market share, and 48% outpatient market compared to hospitals/clinics in the MU Healthcare service area (see slide 8). The DTE tiered structure will create immediate steerage, with additional steerage over time from patient bonus benefits and the patient card (see slide 34 for estimates of target steerage).

Values in yellow are taken from Definitive Healthcare data.

Total Medicare patient revenue is reported by CMS in the Medicare Provider Analysis and Review Report (MedPAR)

Estimating Payer Mix

- Medicare, Medicaid, and other government payer mixes are estimated as the percentage of inpatient days for each group divided by total inpatient days.
- No-pay and charity care is estimated as the percentage of no-pay/charity care compared to total overall revenue.
- Commercial/self pay is assumed to be the rest of the total payer mix share.

Estimating Total Inpatient Days

- Total inpatient days for 'No Pay' and 'Commercial' are estimated to be the payer mix estimates for "No Pay, Charity Care" and "Commercial/Self Pay" multiplied by the total number of inpatient days.

In other analysis, the outpatient payer mix is assumed to mirror the inpatient payer mix.

KBA currently estimates that MU Healthcare has 66% inpatient market share, and 50% outpatient market compared to hospitals/clinics in the MU Healthcare service area (see slide 8).

Based on previous DTE experience, KBA expects a significant bump in patient steerage to MU Healthcare.

Additional steerage will occur from additional steerage patient benefits and the patient card.

High estimates start nearly 10% higher than target with low estimates at 10% lower than target

KBA DEDICATED TEAM ROLES

Our expert team is committed to delivering tailored solutions and exceptional service, ensuring consistent support and strategic guidance for every client.

Client Vice President (CVP)

Average Tenure: 15 Years

A dedicated individual delivering solutions tailored to client needs, driven by their unique data. The KBA CVP is deeply knowledgeable about client demographics, goals, and plans, as well as the health status of their membership. Through unparalleled analytics, the CVP illuminates the intelligence of the data, coordinates and conducts plan performance reviews, and provides meaningful recommendations. The CVP can also assist with employee enrollment meetings, presentations, and announcement materials, staying informed on client issues and initiatives, and tracking all account-related information.

Benefit Consultant (BC)

Average Tenure: 5 Years

Delivers strategic consultation to the client in conjunction with the CVP, with a primary focus on reporting and strategic insights. During renewal season, the BC assists in preparing comprehensive renewal proposals that include detailed service offerings, clear fee structures, and defined timelines. They also coordinate and conduct employee enrollment meetings as needed, ensuring a seamless and informed process for all stakeholders.

Account Representative (AR)

Average Tenure: 3 Years

Manages the day-to-day needs of the account, ensuring consistent communications, timely follow-up services, and continuous account monitoring. The AR oversees new case implementation and renewal processes alongside the KBA operations team. Responsibilities include the distribution of monthly reports, facilitating plan design changes, and obtaining signatures for plan documents and amendments. Additionally, they assist with funding management, including ACH transfer of funds and various other inquiries to ensure smooth financial operations.

ADDITIONAL KBA TEAM MEMBERS

On-Site KBA Support

An on-site resource for members to ask questions regarding benefits, eligibility, or claims. This role also provides essential HR support for plan administration, ensuring smooth operations and direct assistance.

NETWORK MANAGEMENT

The Healthcare Provider Landscape Challenge

The Columbia Missouri healthcare market presents a complex web of care providers, specialty groups, and healthcare facilities that can overwhelm patients, employers, and payers alike.

Market Complexity

- Hundreds of independent provider groups
- Multiple health system affiliations
- Varying quality and pricing structures
- Limited transparency in outcomes

The Challenge

Without strategic curation and management, this overwhelming number of care groups creates confusion, inefficiencies, and suboptimal outcomes for all stakeholders.

The solution: A carefully managed, high-value network.

Our Goal in Partnering With MU Health Care

Build the Highest-Value Network

Create the Dallas-Fort Worth area's premier healthcare network that delivers exceptional quality care with market-leading pricing, setting the gold standard for value-based healthcare delivery.

Enable Fastest-Possible Growth

Leverage our proven methodologies and established MU Health Care relationships to accelerate network expansion, ensuring rapid market penetration and comprehensive coverage across the DFW metropolitan area.

Vault MU Health Care to Competitive Advantage

Position MU Health Care as the anchor and leader of this transformative network, creating sustainable competitive advantages that drive market leadership and long-term success.

"Value is high-quality care at a great price – this principle guides every decision we make in network development and provider selection."

Each team member has over 25 years of hands-on experience in healthcare network operations, provider relations, strategic planning and contracting.

Our Management Approach

- **Yearly contracting cycles** – ensuring competitive rates and terms
- **Network integrity monitoring** – maintaining quality and access standards
- **Provider relations management** – fostering strong, productive partnerships
- **Performance analytics** – continuous improvement through data-driven insights

We manage all the tending always in cooperation with the sponsoring provider organization.

Vehicle for Approving Network Changes: Touch Point Meetings

Regular touchpoint meetings serve as the strategic command center for network development, ensuring every addition aligns with organizational goals and market needs.

01

Network Analysis

Comprehensive evaluation of current network gaps, utilization patterns, and performance metrics to identify strategic opportunities.

02

Stakeholder Feedback

Regular collection and analysis of feedback from employers, brokers, and members to ensure network meets real-world needs and expectations.

03

Option Review

Systematic evaluation of potential provider additions, considering clinical quality, geographic coverage, and financial impact.

04

Strategic Recommendations

Data-driven recommendations presented to leadership for informed decision-making on network expansion and optimization.

05

Contracting Execution

Upon agreement, we approach and negotiate with target provider groups to secure favorable terms and seamless integration.

Who Needs to Be in the Touchpoints

i Critical Success Factor: Dedicated system leaders who can make real-time decisions about network inclusion and exclusion criteria.

Decision-Making Authority

Touchpoint meetings require participants to advise network changes, contract terms (where possible), and strategic direction.

Meeting Structure & Frequency

- **Weekly meetings** for the first several months during initial network build-out
- **Monthly meetings** once network reaches maturity
- **As-needed sessions** for urgent opportunities or issues

Required Participants

- Network leadership with contracting authority
- Clinical quality decision-makers
- Financial/pricing stakeholders
- Strategic planning representatives

The group collectively decides the meeting structure and governance approach that works best for their organization.

Contract Negotiations & Risk Management

Comprehensive Negotiation Management

We handle all contract language, terms, and subsequent reimbursement negotiations, ensuring optimal terms while protecting your organization from legal and financial risks.

Price-Fixing Protection

By managing all rate negotiations directly, we create a protective barrier that keeps MU Health Care safe from potential price-fixing concerns and antitrust issues.

Annual Renewal Excellence

All negotiations are renewed yearly, and our strong track record of delivering excellent reimbursements to providers enables smoother renewals and stronger relationships.

Our Negotiation Advantages

Our extensive experience across multiple markets gives us unique insights into fair market rates and industry best practices. We leverage data analytics and market intelligence to secure favorable terms for both the network and participating providers.
